METAL LOUVRE

# About Us

## Welcome to Architectural Ceiling Company

Metal is versatile, fluid and can be moulded into infinite possibilities. For us, Ceilings and Facades provide a canvas to every space - they don't just add personality & finesse but also create a safe heaven.

We understand Metal Ceilings and facades in every form and push boundaries to help bring an artist's vision to life.

We believe in creating bespoke Ceilings and Facades that are functional, backed by industry expertise and manufactured at a best-in-class facility.

## Our Expertise

Architects, Builders, Developers, & Designers persistently push boundaries to transform their ground-breaking ideas and renderings to life.

Architectural Ceiling Company steps in to fill in the blanks, bridging the void between customized design and traditional manufacturing, to nurture a new level of comprehensive caliber.

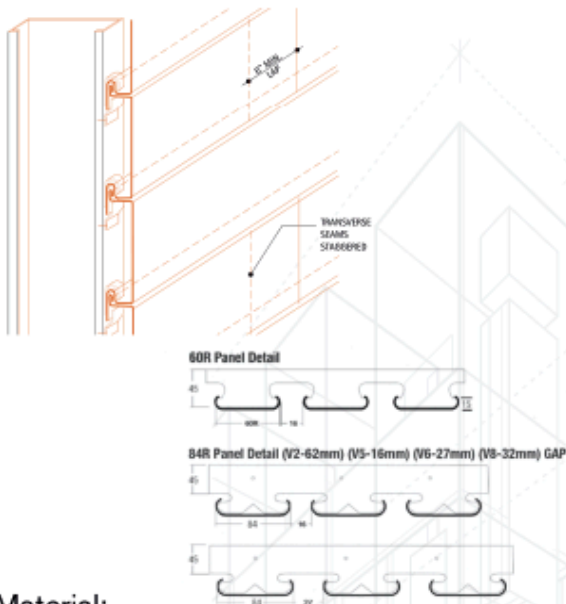

Customer satisfaction is our primary intent. With spick-and-span assured excellence, our methods keep your approved design within budget and on schedule. Our in-house creative team strive to arrive at solutions that fit the project requirements and provide systems and products with guaranteed long life and performance.

We hold every designer/architect's idea and concept with tangible intent. At the same time, our team ripens the most essential parameters by delivering options on modifying to achieve a detailed design aesthetic, the budget, standard acoustic rating and for project-specific conditions.

Most of our solutions are centered on speedy installations. Shorter Time Leads to Lower Overall Cost.

# V SHAPE BAFFLE CLADDING

## Material:

0.50mm galvanized steel provides a budget-friendly solution. 0.55mm Alu Zinc delivers superior protection against corrosion, ideal for harsh environments. Or lightweight 0.65mm aluminum TCT.

## Panels:

Panels come in two widths (38mm or 60mm) and a consistent depth of 15mm. Additionally, you can select panel lengths up to 3 meters.

**Modern Design, Exceptional Materials:** This versatile cladding system offers a beautiful and durable solution for your walls and ceilings. Choose from high-quality materials: cost-effective galvanized steel, corrosion-resistant Alu Zinc, or lightweight aluminum TCT. Panels come in two widths (38mm or 60mm) and a 15mm depth, with lengths up to 3 meters for design freedom.

## Applications:

Interior walls and ceilings, Exterior facades, Balconies and railings

## Carrier:

0.60mm thick, 20mm wide, 40mm deep Black coil coated galvanized steel carrier system. Choose from standard options of 25mm, or 50mm, or customize the gap size to achieve design flexibility

## Paint Finish:

Long-lasting exterior hypercote powder coating with a 10-year warranty (available in double-sided application for optimal protection).

## Installation:

Height adjustment spring steel big clip, 4mm diameter GS Rod, Panel Coupler, Carrier Coupler, GS/ Aluminium Edge Profile

# OUR VISION

“ Building With Excellence  
Serving With Integrity ”

# WHY METAL?

As a ceiling fabricator, we are often asked why we concentrate on metal as Ceiling & Louvre. The answer is simple

1. Steel & Aluminum are two of the most sustainable materials used in construction.
2. Metal is high quality material offering improved aesthetic through design flexibility
3. Highly durable and robust, metal maintains its appearances long after other materials need replacing
4. Long term, metal is far more cost effective than alternative materials
