METAL LOUVRE

About Us

Welcome to Architectural Ceiling Company

Metal is versatile, fluid and can be moulded into infinite possibilities. For us, Ceilings and Facades provide a canvas to every space - they don't just add personality & finesse but also create a safe heaven.

We understand Metal Ceilings and facades in every form and push boundaries to help bring an artist's vision to life.

We believe in creating bespoke Ceilings and Facades that are functional, backed by industry expertise and manufactured at a best-in-class facility.

Our Expertise

Architects, Builders, Developers, & Designers persistently push boundaries to transform their ground-breaking ideas and renderings to life.

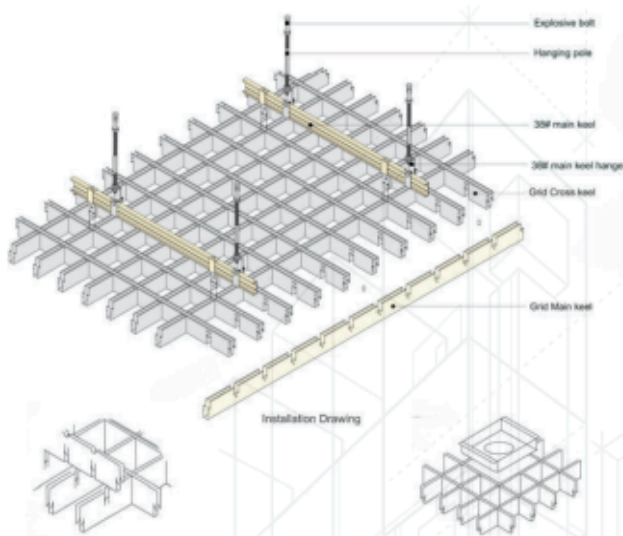

Architectural Ceiling Company steps in to fill in the blanks, bridging the void between customized design and traditional manufacturing, to nurture a new level of comprehensive caliber.

Customer satisfaction is our primary intent. With spick-and-span assured excellence, our methods keep your approved design within budget and on schedule. Our in-house creative team strive to arrive at solutions that fit the project requirements and provide systems and products with guaranteed long life and performance.

We hold every designer/architect's idea and concept with tangible intent. At the same time, our team ripens the most essential parameters by delivering options on modifying to achieve a detailed design aesthetic, the budget, standard acoustic rating and for project-specific conditions.

Most of our solutions are centered on speedy installations. Shorter Time Leads to Lower Overall Cost.

OPEN CELL CEILING

Our Open Cell Ceiling systems create spacious, light-filled interiors, ideal for design-conscious spaces. These metal ceiling systems excel in meeting designer ceiling requirements, accommodating air diffusers and lay-in light systems seamlessly. With multiple cell options, including 1-15 grids, they offer stylish versatility. These systems are available in distinctive shades for a premium presentation, making them a top choice in the world of designer ceilings. They are 100% accessible, provide a clean, modern design, and are easy to install in standard suspension systems. Experience durability with a post-production powder-coated finish. Choose Open Cell Ceiling for a sophisticated and functional design solution.

75mmX75mm

100mmX100mm

150mmX150mm

200mmX200mm

60 microns thick powder coating on exposed surface or 25 microns polyester coil coated over primer on visible surface with primer coat on rear side.

OUR VISION

“ Building With Excellence
Serving With Integrity ”

WHY METAL?

As a ceiling fabricator, we are often asked why we concentrate on metal as Ceiling & Louvre. The answer is simple

1. Steel & Aluminum are two of the most sustainable materials used in construction.
2. Metal is high quality material offering improved aesthetic through design flexibility
3. Highly durable and robust, metal maintains its appearances long after other materials need replacing
4. Long term, metal is far more cost effective than alternative materials
